

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

The Devon and Cornwall Record Society is now printing the Falmouth Registers *in extenso*. We shall, therefore, have at a no distant date a complete set of marriages for the western extremity of the county.

Cornwall Parish Registers.

Marriages at Budock,

1653 to 1812.

NOTE.—The earliest register at Budock begins with the year 1653, but the volume is entitled Volume II. and a note in comparatively late hand-writing, states that Volume I. is supposed to be in St. Gluvias' safe. There is, however, no such Volume I. now at St. Gluvias (q.v.) The earliest Budock register extant contains Baptisms, Marriages, and Burials from 1653 to 1737. It is well written throughout, is in good preservation and has paper covers. The next register gives Baptisms and Burials from 1737 to 1812, and Marriages from 1737 to 1754. It is well bound in leather, has parchment leaves and has been well kept. The remainder of the Marriages up to 1812 are contained in Hardwicke's forms, those from 1754 to 1777 being entered in a book half the usual size and the remainder in a full-sized volume. For the sake of brevity the Marriages contracted before justices of the peace during the Commonwealth have been stripped of superfluous verbiage. Budock, being a peculiar of the Bishop of Exeter, no transcripts of the registers are to be found at Bodmin.

The Marriages hereunder given have been extracted by Charles F. Cole, Esq., J.P., and are printed by permission of the Rev. A. A. C. N. Vawdrey, M.A., Vicar of Budock.

1599 to 1812.

NOTE.—The marriages hereunder given have been extracted by Charles F. Cole, Esq., J.P., from six volumes. The first of these is a thin loosely bound book with parchment leaves, containing Baptisms and Burials from 1599 to 1645, and one leaf only of Marriages, viz., the last but one. With the exception of the first page it is legible throughout. Volume II. is beautifully bound in leather, well written and legible. It gives Baptisms, Marriages and Burials from 1645 to 1746. Volume III. is in good order, and continues the record of Baptisms and Burials from 1747 to 1812, and Marriages from 1747 to 1754. In Volumes IV., V., and VI., the Marriages are entered in accordance with the provisions of Hardwicke's Act. Volume IV. covers the period from 1754 to 1768, Volume V. from 1768 to 1788, and Volume VI. from 1788 to 1812. The Rev. Canon A. A. Vawdrey, M.A., Vicar of St. Gluvias, has kindly allowed these Marriages to be printed. There are no transcripts of them at Bodmin owing to the fact that this parish was a peculiar of the Bishop of Exeter.

Marriages at St. Colan,

1665 to 1812.

NOTE.—The first volume of the St. Colan Registers is a long narrow folio, unbound, consisting of twenty parchment leaves, some of which are detached. The writing has faded so as to be in some places quite illegible. This Volume gives Baptisms from 1665 to 1730, Marriages from 1665 to 1738, and Burials from 1665 to 1746. It records on the first page the swearing in on September 25th, 1665, of five parishioners to act with one Walter Richards as the “six principall men of the psh,” “by vertue of a Comission issued by Jasp. Phillipp’s officiale of the Archdeacon’s Court.” The names of the persons so sworn were :—Robert Coswarth, John Symons, John Wood, John Symons, and Richard Whitford. On another page is a constitution regulating burial in the Church dated April 12th, 1680.

The second volume, a dilapidated calf-bound book with parchment leaves, gives Baptisms from 1747 to 1811, Marriages from 1747 to 1761, and Burials from 1747 to 1812.

The third volume is of the character prescribed by Hardwicke’s Act, and contains Marriages from 1754 to 1811. There is therefore a duplicate copy of the Marriages from 1754 to 1761.

For extracting the entries and for collating them with the Bodmin Transcripts the editors and subscribers are indebted to Dr. William J. Stephens, of Newquay, and for permitting them to be printed to the Rev. C. J. L. Lavanchy, Vicar of St. Colan.
